### **Trudeau's Support for Islamists a Warning to America by Tom Quiggin**

Prime Minister Justin Trudeau of Canada has a nine-year long record of supporting the Islamist cause while refusing to engage with reformist Muslims. With respect to ISIS fighters returning to Canada, Trudeau has argued that they will be a "powerful voice for de-radicalization" and that those who oppose their return are "Islamophobic." Furthermore, the Government of Canada is not adding the names of returning ISIS fighters to the UN committee responsible for the listing of international jihadists. Many Canadians (and others) are starting to believe that Prime Minister

Trudeau's position on reintegrating and de-radicalizing ISIS fighters is unreasonable, if not delusional.

## **Too many of Trudeau's errors in judgment have a common thread - radical Islam by Anthony Furey**

Remember Trudeau's famous line from 2015 that "a Canadian is a Canadian is a Canadian". If you didn't know the context, you might take it to be some heartwarming line about diversity and inclusion. It's not. It was about how Trudeau wanted to change the law so that dual nationals convicted of terrorism could no longer have their citizenship stripped. While hundreds of people have their citizenship revoked yearly for offences such as errors on their applications, Trudeau firmly advocated – amidst strong opposition from the Senate – for Bill C-6, which let convicted terrorists stay Canadian and passed into law last year

## **Give governments more power over us and they will use it by John Robson**

It seems both heavy-handed and petty of the federal Liberals to require everyone seeking a Canada Summer Jobs grant to endorse abortion on demand. But why not? Whoever pays the piper calls the tune. The more power we give government over our livelihood, the more money we permit it to take from the economy in taxes and give back only to favoured groups and individuals, the more it will bolster its own political position. And the more it will pressure people to conform. As an acquaintance recently asked, why should this principle be limited to summer job grants? Why not to your CPP eligibility?

## **Liberal MP Chris Bittle labels anti-Islamic State protesters “white supremacists”**

When one user asked Bittle to “put Canadians first” and refuse entry for returning Islamic State fighters, Bittle said “returning fighters are Canadians who have not been charged with a crime”. Returning Islamic State fighters have become a major issue in Canada, with many seeing the Liberal government of Prime Minister Justin Trudeau being incredibly weak on the issue. Many slammed Mr Trudeau when he insisted that returning fighters would be deradicalised with podcasts and poetry, and that many of the returnees would be “an extraordinarily powerful voice for preventing radicalization.”

## **Trudeau's Boyle meeting showed lousy judgment**

While the Liberal government is usually eager to promote their celebrity PM, news of the Boyle meeting came via the family’s [Twitter account](#). The Prime Minister’s Office confirmed it happened, but refused comment citing privacy reasons. This all rightly struck many Canadians as odd. While anyone with a heart was glad to hear the Boyle children were no longer in captivity, Boyle’s explanation that he was merely a “pilgrim” didn’t sit right. The added fact he’s the ex-husband of Omar Khadr’s sister Zaynab, part of Canada’s most notorious terror family, also disturbed Canadians.

## **The Many Winding Paths of Joshua Boyle**

A wannabe spy for CSIS, Star Wars gamer, son of a federal court judge, and briefly husband to Zaynab Khadr; the man held hostage in Afghanistan for five years, is now a captive in a Canadian jail facing criminal charges. What a collective exhale of I-told-you-so and I-knew-something-was-wrong. When Joshua Boyle was arrested New Year’s Day on charges of assault, sexual assault, forcible confinement, drugging, uttering death

threats and misleading police, the news hit as an alarming coda to the strangest of stories.

## **Tackling the underlying jihadist ideology is the real battle by Candice Malcolm**

Jihadists use terrorism to advance their evil cause: destabilizing the West and spreading a fundamentalist doctrine of Islam. These jihadists are waging a war of civilizations, and ultimately, their goal is to destroy everything about our society in order to impose their version of political Islam. These returned ISIS terrorists are loyal to our enemies and devoted to an evil ideology that is completely at odds with our Western way of life. And yet, thanks to decades of careless immigration and integration policies, some of these foreign agents also happen to be Western citizens.

## **PROTEST AGAINST NCCM**

### **NCCM (CAIR-CAN) requests "National Day of Remembrance and Action on Islamophobia" to commemorate mosque shooting**

The Quebec mosque massacre last year was a shocking tragedy, yet motive for the murders has been encased in mystery, with no charges of terrorism laid down, despite Prime Minister Justin Trudeau referencing it as "an act of terrorism." Anti-Muslim bigotry, like all bigotry whenever it is genuinely manifested, needs to be striven against, but the factual considerations involved in declaring a "National Day of Remembrance and Action" by a country's Prime Minister are crucial, particularly when the proposed action seals the word "Islamophobia" as the subject of particular governmental concern.

<https://www.jihadwatch.org/2018/01/nccm-cair-can-requests-national-day-of-remembrance-and-action-on-islamophobia-to-commemorate-mosque-shooting>

### **Hamas-tied NCCM's "Open Letter" to Trudeau demands January 29 "National Day of Remembrance and Action on Islamophobia"**

NCCM is the former CAIR-Canada. This unsavory Hamas-tied group wants Trudeau to designate January 29 to be a National Day of Remembrance and Action on Islamophobia, because of the January 29, 2017 attack at a Quebec mosque. But that attack has been the subject of a massive coverup. The Quebec mosque shooters were initially identified as Moroccan Muslim Mohamed Khadir and Alexandre Bissonnette (most probably a convert). The shooters in the Quebec mosque attack were Muslim, as is generally the case in these circumstances. The jihadis were shouting

“Allahu akbar” as they gunned down men worshipping at a Quebec mosque. But later, the attack was falsely consigned to “white supremacy.”

<https://pamelageller.com/2018/01/nccm-trudeau-islamophobia.html/>

## **Quebec opposition parties reject making mosque shooting anniversary “day of action on Islamophobia”**

Quebec’s main opposition parties will not support a call by the National Council of Canadian Muslims (formerly CAIR-CAN) “to make the anniversary of Quebec City’s deadly mosque shooting a day of action on Islamophobia.” Jihad Watch covered the CAIR-CAN/NCCM letter to Prime Minister Justin Trudeau, stating that the group was exploiting the tragic mosque attack to continue to foist its “Islamophobia” agenda upon Canada. Also striking was the bold tone of its demands; its presentation of one-sided opinions presented as facts; and its list of stated partnerships. CAIR-CAN/NCCM, like its parent organization, CAIR, makes Muslims out to be the worst victims of hate and “racism”; they are not.

## **Mother of jihad-terror victim opposes the designation of National Day against Islamophobia in Canada, here’s why**

[Translation] Camille Carrier: “It is rare that I express personal feelings on Facebook. But I am emotionally very troubled by this request to designate a National Day in memory of six people who were killed by an Islamophobe. We are told not to forget the killings as if Quebecers are responsible for this. I belong to a family who has lost six members whom we loved and valued. They were killed by Islamists. I lost my daughter and four other persons who were an integral part of my life; my children have lost their father and their stepmother. This turns a life upside down for a very long time. These people were not praying; they were expressing their love for others by taking part in the construction of a school in Africa. More Quebecers have also died [at the hands of Islamists]. Nobody has asked

to commemorate these events by designating a special day and we are not constantly recalling these events.”

# FREE SPEECH

## **Islamist-Leftist-Government Alliance Silences Free Speech**

This wished-for criminalization -- complete with jail terms, fines or even death sentences -- includes prosecuting those who sound the alarm against the spread of Islamism and jihad terror. This is the essence of M-103, which is a "slap in the face to democracy." Such resolutions pose a grave danger to the freedoms of Canadian citizens and destabilizes the future of the country, not to mention its relations to the United States. Canada's Motion M-103 puts Islam above all other religions in that any other religion can be discussed openly, criticized openly and even be mocked openly without punishment or state penalty.

The UN official called the coalition a “dangerous development in the political life of Europe,” and said he was particularly concerned with the new hardline migrant policies endorsed by Chancellor Sebastian Kurz. FPÖ leader, and new Vice Chancellor, Heinz-Christian Strache has previously vowed to lower migration levels to zero and ban radical Islamic extremism from Austria.

The achievements of this monster of which he was most proud include the descent of Sweden into third world mediocrity and the rape capital of the world. Likewise his native Ireland, areas of which resemble Lagos or Mogadishu instead of the Emerald Isle we know and love. The mass sexual assaults and mass murder of innocents by Muslim jihadists which is rampant in Europe, including the more advanced countries such as France, Germany and Great Britain, are the result of Peter Sutherland's fanatical dedication to imposing multi-culturalism using mass immigration from the backward, uncivilised world.

## **Vienna police charge 3 men for waving Israeli flag at rally**

Is it any wonder that Austria was Adolf Hitler's country of birth? Old (genocidal) habits die hard, and sometimes not at all. Please note, that criticism of Islam, jihad and sharia is verboten, but Muslims calling for the wholesale slaughter of Jews? All clear. These Muslim protesters were chanting "Jews, remember Khaybar, the army of Muhammad is returning," which is a warning that Muslims will kill Jews wholesale the way Muhammad massacred the Jews of the Khaybar oasis in Arabia. But that was just fine with Austria authorities. Only the Israeli flag was out of bounds. Nazis and jihadists share common goals and supremacist dreams.

## **France's War against Firefighters and Police**

All French governments since 2015 have denied that Islam is at war with France, but the Ministry of the Interior nevertheless mobilized higher

numbers of security personnel than the French army has soldiers, to make sure that this New Year's Eve would be a peaceful event. Suicides are spreading among police officers. In November 2017, in a single week, five police officers committed suicide in different French cities. On December 3, 2017, a police officer committed suicide inside the precinct of Alençon, in southern France. On December 5, 2017, a security officer of the Ministry of Labor committed suicide in the parking lot of a Gendarmerie precinct. Between January 1, 2017 and December 1, 47 police officers and 16 gendarmes took their own lives. It was an all-time high.

### **Orbán: Europe's Migrants Aren't Muslim Refugees, They're 'Muslim Invaders'**

Responding to the suggestion that Hungary was not showing sufficient "solidarity" with the European Union because Germany accepted 2 million migrants but Hungary will not accept 2,000, Prime Minister Orbán told German tabloid *BILD* on Sunday: "The difference is: They wanted the migrants. And we do not." Asked why Hungarians are resistant to the bloc's forced migrant redistribution policy, Mr. Orbán asserted that, "We do not consider these people to be Muslim refugees," but as "Muslim invaders". Drawing attention to the fact that migrants had travelled through safe countries before heading to more prosperous parts of Europe, the prime minister added that many are "economic migrants" and not in genuine need of asylum.

## IRAN

## **American Feminists versus Iranian Women** **#MeToo? Not so much by Pamela Geller**

While women in Iran are ripping off their hijabs, the left elites in America are working furiously to impose this garment of oppression on women as if it were some symbol of empowerment. We have seen Hijab Days in public schools all over the country. Then there was the One Million Hijabs For Shaima Alawadi movement supposedly in defense of Muslim women after Alawadi, a hijab-wearing Muslima, was supposedly murdered by an “Islamophobe.” That movement utterly collapsed when Shaima’s murderer was discovered to be not a hijab-hating Islamophobe, but her devout Muslim husband, who murdered his wife because she was working towards living a freer life. One Million Hijabs For Shaima — a cruel joke, at the expense of women living under the boot of Islamic law.

## **As Iranian People Rise Up for Liberty, America Must** **Stand with Them by Clare Lopez**

Although severe economic hardship and rampant corruption on the part of Tehran regime officials have driven many ordinary Iranians to desperation, it's the knowledge that those officials have spent billions of dollars - including pallets of cash from President Barack Obama - on a nuclear weapons program, support to terror organizations like Hizballah, and to prop up the Damascus regime of Bashar al-Assad that finally tipped the balance and sent them pouring into the streets. The ability of the U.S. to give heart to the courageous people of Iran cannot be overestimated, especially continued strong open support from President Trump and other senior administration officials. The Iranian people have waited long enough: as they stand yet again for their own liberty, America must stand with them.

### Easy Meat.' Britain's Muslim Rape Gang Cover-Up

Some scandals are so massive that they're simply hard to believe. As many as one million white English children may have been the victims of Muslim rape gangs, better known as grooming gangs, in towns up and down Great Britain. Stephen Lennon (Tommy Robinson) warned that there will be repercussions. He told us, "There's no blood on my hands, but there will be a lot of blood spilled in this country, and it will be on the hands of our leaders. And there will come a time when they will realize what they have done, and the country's people will realize what they've done, as well. They've sold us out. They've destroyed our nation. When I first arrived in America, I would ask every extremist and fundamentalist Muslim I met: "How has your life been since you came to the United States?" Everything in this country, they patiently explained, was *kufir*: blasphemy, filthy, infidel. They went on harshly to criticize American culture and the Western lifestyle. Too many lies have been the basis of international relations. Policies based on these lies are not only fruitless; they are dangerous. The diplomacy of truth, adopted by Trump and his U.N. ambassador, Nikki Haley, is the only hope for stability and peace.

I received this extraordinary email from a Muslim who has awakened to the threat posed by Islam, only to be shut down by sharia-compliant leftists. What delusion has overtaken these people? Do they not think this woman, who was born a Muslim and grew up in a Muslim environment, knows what she is talking about? Do they really hold to their religion-of-peace nonsense so tenaciously that they will discount and try to silence her firsthand testimony and that of others like her? This is a suicidal course of action for them to take, but they will probably only find that out when it is far too late. I am deeply grateful for this, "You are a friend to all moderate Muslims."
