**Convicted ISIS Attack Plotter Abdulrahman El-Bahnasawy Wants To Enter Canada For Trudeau’s ‘ISIS Reintegration’ Program**

*“I wanna create the next 9/11,” El Bahnasawy told an undercover agent, to whom he sent bomb-making materials he purchased in Ontario. The attacks were to occur in June 2016, during the Islamic holy month of Ramadan.”*

He wants a shorter sentence in the US – where he was convicted – so he can return to Canada and get “help.” As we know, the request by El-Bahnasawy’s lawyers for him to soon return to Canada is a direct result of the pathetically weak and dangerous ISIS *“reintegration policy”* of Justin Trudeau.

**Justin Trudeau's brother lobbies Liberals to not deport terror suspect Mohamed Harkat**

Prime Minister Justin Trudeau's brother has written to a federal cabinet minister on behalf of Ottawa's Mohamed Harkat, asking the Liberal government to continue its "sunny ways" by allowing the Algerian-born terror suspect to stay in Canada. Green Party leader Elizabeth May, former UN ambassador Stephen Lewis, torture victim Maher Arar, and Omar Khadr lawyer Dennis Edney are among those who have petitioned the government to end its ongoing attempt to deport Harkat.

## **The Islamic Lobby Takes Over Canada, and Patriots Are Now Being Silenced**

Is it too late to reverse the tide? I think not, but Quebeckers and other Canadians now have a serious choice to make. Not electing liberals and democrats is a good way to start. The Liberal Party is certainly not about liberation (Sharia law is the complete opposite of that), and are today's Democrats truly about "giving the power to the people"?

## **Trapped in A Marriage with an Al-Qaeda Operative, Yasmine Fought Back for the Sake of Her Daughter**

No religion can identify as feminist, least of all Islam. If we accept that this trope is true, we are then going to ignore the millions of women that are fighting for their freedom across the globe daily. Women that are forced to dress in a certain way. Women/girls that are forced into marriages or into having their bodies mutilated, all in the name of Islam. These women have been ignored for over a century. Now that Islam is finally on the lips of politicians and the general public, this is our chance to finally reach out our hands in support. If we deny that there is this pervasive problem with misogyny in Islam, how will we ever hope to begin to solve the issue?

## **Mr. Trudeau, if he can, should get serious about running this country by Conrad Black**

It is too early to judge how profoundly Justin Trudeau and his government have been undermined by the debacle of the visit to India, which cannot be laid off by scapegoating Indian and Canadian officials. Coming on the heels of the "peoplekind" fiasco, it has created a worldwide credibility problem for this government, which was compounded by the prime minister's unintelligible babbling over the U.S. steel and aluminum tariff issue.

## **Corrupt Sikhs Have Justine Trudeau In Their Pocket**

Corrupt, crude Sikhs in Canada think they can have their way with him and with Canada. To them, Justine will not stand up to defend Canada from their clawing and grasping for power. In fact, they know he will continue to degrade himself and Canada. Honest Sikhs in Canada must cringe every time Trudeau gets down on his knees for the crude Sikhs. Honest Sikhs know that the crude Sikhs boast behind Trudeau's back that they have control of Trudeau. They even laugh at Trudeau for being such a fool. The evidence is clear.

Despite claiming that Veterans are "*asking for more than we can afford to give right now*," Justin Trudeau's 2018 budget found billions more for those outside of Canada's borders. ## **'Absolutely surreal': Student mob smashes window in protest against Jordan Peterson**

Early in the lecture, two women invaded the building and walked across the stage holding a banner reading "Freedom to smash bigotry." In the balcony at the back of the hall, a male student shouted abuse at the stage. All three students were roundly booed by the audience, which was sprayed with an unidentified liquid by the women when they left the hall. "Mark my words, that's the sound of the barbarians pounding at the gates," Peterson told the audience.

## **Justin Trudeau says "Canadians expect us to help Hamas" even if they try to kill Israelis**

When Israel left the Gaza Strip, Gaza was free and all Jews were expelled. Hamas took control on the Gaza Strip, imposed sharia law and declared war on Israel with the declared goal of destroying the Jewish state. They fired tens of thousands of rockets at Israel, but the world turned a blind eye. Hamas, ISIS, and Al Qaeda share the same ideology of radical Islam. ## **Liberals Ignore Persecuted Middle East Christians, Worry Instead about Thriving American Muslims**

Muslims in America do not experience *institutionalized* persecution — that is, persecution at the hands of governments, authorities, and police — as Christians under Islam do. Why they are so misinformed becomes apparent when one understands that the liberal media is dedicated to maintaining liberal narratives at all costs: in this case, that Christians are always the aggressors, while Muslims always the misunderstood victims.

## **An Analysis of the Heritage Committee Draft Report on Motion M-103**

Major (ret'd) Russ Cooper has analyzed the Heritage Committee's report, released in February, titled "Taking Action Against Systemic Racism and Religious Discrimination, Including Islamophobia," and is not impressed. He examines the shaky premises and faulty assumptions on which Motion M-103 is based – including whether there even is a "rising climate of hate and fear" that the government needs to "quell" – and, not surprisingly, finds that they have resulted in many questionable recommendations. You'll find his analysis under our Heritage Committee heading, and you can read his Executive Summary here.

# FREEDOM OF SPEECH

## **Speakers Cornered**

Katie Hopkins was smuggled out of the building, the police having advised her, before she was able to speak, that they could not guarantee her safety if she stayed. She tweeted that she had left the building and asked the demonstrators to disperse peacefully. When police reinforcements arrived, somewhat tardily, the people in the hall were escorted under cover of darkness out through a back entrance and through the ancient graveyard. This was no doubt advisable, but, in effect, it turned the law-abiding rather than the lawbreakers into fugitives.

## **National Lawyers Guild: Freedom of Speech Only Protects Inoffensive Speech**

Free speech is certainly an important tenet? Once upon a time, it was the essence. Now it's just an important of something bigger. But that bigger thing is a healthy society. And sometimes a healthy society requires silencing everyone who disagrees with its ideological leaders. The National Lawyers Guild doesn't believe in freedom of speech. It believes in deciding who gets to speak.

## **The Google Gulag**

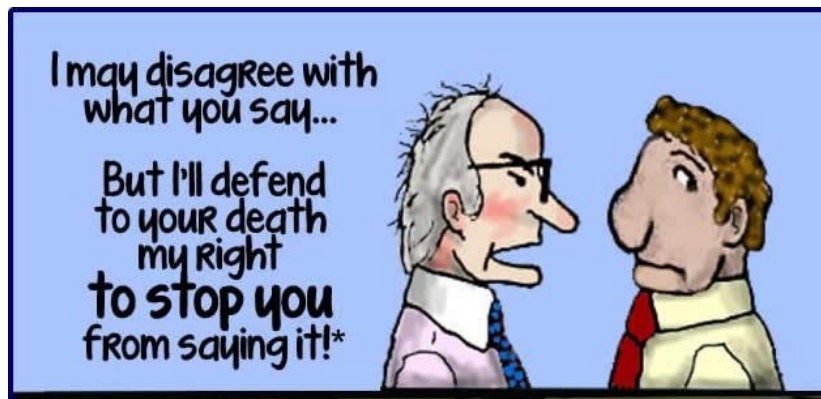

The gates of the internet cannot remain in the hands of a corporation intolerant of free speech. Google's monopoly doesn't only threaten the free market. It threatens freedom of expression on the internet. When asked at a shareholder meeting whether conservatives would feel welcome at Google, Executive Chairman Eric Schmidt replied, "The company was founded under the principles of freedom of expression, diversity, inclusiveness." But freedom of expression no longer comes before diversity. It's breathing in the toxic fumes of fake inclusiveness and watching diversity vanish down the highway.

## **Facebook's Digital Reign of Terror**

Social media behemoth Facebook launched a full-scale assault on President Donald Trump and conservatives earlier this year that has seen engagement on Trump's Facebook posts plummet by 45 percent. Social media website rejiggers the rules to rob Trump of almost half of his online traffic. The crackdown on conservatives and the Republican Party's standard-bearer came after a year of unyielding pressure from the mainstream media, politicians, and Facebook employees after President Trump's stunning electoral upset in November 2016.

# **THE HIJAB**

## **The Fight against the Hijab: the right fight for the wrong reasons**

The Qur'an instructs Muslim men to make their women wear Muslim dress so they may not be mistaken for those women that Muslim men are allowed to rape (by this point we can dispense with the euphemisms). And while such rape of non-Muslim women by Muslim men have been going on in Muslim lands for as long as there've been non-Muslim women in Muslim lands, the West woke up to such practices only when ISIS demonstrated how to do it right, and when large groups of Muslim male immigrants to

the West became bold enough to behave as Muslim males are entitled to behave: rape non-Muslim women.

## **Toronto Star's "Fake News" in Service of "Political Islam" by Rachel Ehrenfeld**

The Left-leaning media and academia in North America and Europe have become Political Islam's best advocates. I did not want to write this, yet I wrote it because I can see that the way the entire Islamic world covered up how my granduncle, grandaunts, and great grandparents in Armenia were horrifically massacred by the Turkish army is the very same way that the media of my own country is covering up how Muslims are still murdering Christians today, and because they
