Is Canada Knowingly Funding Extremism and Terrorism?

Canadian taxpayer money may be finding its way to Hamas, a listed terrorist group. The Criminal Code of Canada forbids funding terrorism, as well as forbidding the facilitation of those funding terrorism. But last Friday, Minister of International Development Marie-Claude Bibeau announced that Canada would send \$50 million in the next two years to the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA). This is in addition to the \$110 million that Prime Minister Justin Trudeau has committed to UNRWA since 2016.

Canada Suspends & Fines North American Muslim Brotherhood Group Over Terrorist Financing Concerns

The Islamic Society of North America (ISNA) describes itself as “an independent, open and transparent membership organization that strives to be an exemplary and unifying Islamic organization in North America by contributing to the betterment of the Muslim community and society at large. ISNA emerged out of the early U.S. Muslim Brotherhood infrastructure and documents discovered in the course of the terrorism trial of the Holy Land Foundation confirmed that the organization was part of the US. Muslim Brotherhood.

I was kicked out of the Canadian Armed Forces.

I was forced out of the Canadian Armed Forces for being part of the Proud Boys. Not only is this a violation of my rights, it also indicates that social justice is a greater priority for the CAF than operational effectiveness. And that's scary.

Ottawa holds consultations on racism behind closed doors

The federal government has quietly launched a series of closed-door consultations on the issue of racism, hoping to avoid heated public debates on issues such as Islamophobia and systemic racism. The issue of racism has fuelled heated debates in the country in recent times. There were acrimonious discussions last year over a motion in the House of Commons (M-103) to condemn Islamophobia across Canada.

Jihadi Jack wants to live in Canada. Here's what officials are doing for ISIS fighters in Syria

The political implications of repatriating Canadian ISIS fighters show that Canadian consular officials have been trying to find out where the Canadians are being detained in order to give them consular assistance. The officials have communicated with the Kurdish authorities over concerns about torture allegations and medical attention for the detainees, the documents show.

What a Yezidi Nobel Peace Prize winner can teach us about the atrocities taking place in Syria and Iraq

We have boots on the ground in Iraq. And since we are at war does that not mean that we also have responsibilities for the innocent victims of this war. These victims are the Yezidi. But the Canadian government is turning a blind eye to atrocities committed by returning ISIS/ISIL fighters and instead are offering them a get out of jail free card.

#WalkAway Campaign Grows as Canadians Leave Radical Left

The #WalkAway campaign is growing in Canada, as people who once saw themselves as centre-left are realizing how extreme the left has become. 'Liberalism' was once associated with freedom of speech, capitalism, and defending the rights and dignity of the individual. But now, 'liberalism' and the left have been taken over by radical extremists, pushing racial division through identity politics, authoritarian suppression of free speech, and socialism.

Is the #MeToo movement serving as a tool for political Islam at McGill?

As reported by Barbara Kay, Assistant Professor Ahmed Fekry Ibrahim had an impressive research record, was an extremely popular teacher, and also scored high for "service." But Dr. Ibrahim's strengths may lead to his being denied tenure at McGill University. His objective method of teaching offended Muslim student Sarah Abdelshamy, who couldn't deal with his saying things like "ISIS didn't invent any Koranic verses or hadiths." This implied, Abdelshamy said, that Islam is compatible with terrorism. Naturally, she accused the professor of Islamophobia.

TOMMY ROBINSON
#IAMSOLDIERX CAMPAIGN

Tommy Robinson: #IAMSOLDIERX Update

Here is the latest report from Tommy after spending the past week travelling across Britain and speaking with many squaddies.

<https://www.youtube.com/watch?v=eMQWwL21bfc>

Dhimmitude driving British Army leadership SHEEP to persecute squaddies for pic with Tommy Robinson

Dhimmitude – here's what going on. Dhimmitude - is the force, the desire of the leadership of the British Army to submit and prostrate themselves before the Muslim Council of Britain and to follow their commands to reprimand soldiers for taking a picture with Tommy Robinson. The support that is pouring in for Tommy is just astonishing. The upper echelon has done this all wrong. Quisling elites. They have submitted. They have become dhimmis. They are following the dictates of Sharia.

For Britain: We are Soldier X with Anne Marie Waters

The British army are now bowing down to Islam. Last week, some army lads posed with Tommy for a selfie at a service station. One was discharged from the army and the others are being sent away for an "inclusivity and diversity" course to better understand how bigoted they are.

TOMMY ROBINSON TRIAL TUESDAY, OCTOBER 23

Tommy Robison has given his life to saving England from Islamism. He has given his life to keeping young girls safe from Muslim rape gangs. He has given his life to keeping alive the England that once was and may be again, the England of individual rights, moderation, sanity, decency, and freedom.

In return, he has been reviled, attacked, persecuted, threatened, and imprisoned. Yet he has not given up.

Many ordinary Britons see more clearly than the elites, perhaps because they live everyday with the consequences of mass

Muslim immigration and recognize Robinson's claims as true. Long may they refuse to be cowed into silence with unfair smears of "Racist!" Long may they voice their resistance, led by courageous men like Robinson.

Tommy Robinson may rightly be called the spiritual leader of the Free World. We are praying for a fair trial for Tommy next Tuesday, October 23. We recognize in Tommy a man of outstanding courage, vision, self-sacrifice, dedication, and principle.

Tommy, you are our hope in these terrifying and bleak times. You are our Lion. We stand with you in love and solidarity.

WE PRAY FOR TOMMY

Abraham Lincoln said: "I have been driven many times upon my knees by the overwhelming conviction that I had nowhere else to go. My own wisdom and that of all about me seemed insufficient for that day."

I believe in the power of prayer. If not for yourself, believe in it for others. The world is weak; prayer is POWERFUL. Whether you are a Christian, a Jew, a Buddhist, a Hindu, a Jainist, an atheist or none of the above, please pray for Tommy's safety.

"We pray for Tommy's well-being. We pray for You to protect him. We pray that not only will Tommy have the grace, strength and the peace to handle whatever comes his way but, like Peter and Paul, You will supernaturally protect him. Make him invisible to the darkness and to those who would seek to harm him. Send your Angel bodyguards to accompany him and to surround him wherever he walks. Station at least one at his back and another to go before him. Station them at the door to his cell as well. Please keep Tommy safe and please give Tommy's family security and peace as well."

FREEDOM OF SPEECH

Gosnell - The Trial of America's Biggest Serial Killer

We have been attacked ever since we proposed making it. They hate it because it shines a light of truth on abortion and reveals the murky hands-off approach to the industry that kills women and babies. Kickstarter refused to let us crowdfund for the film, NPR wouldn't let us advertise the launch, Facebook continues blocking our ads and the New York Times fudged the numbers to keep our book off the bestsellers list.

Powerful organizations like Planned Parenthood do not want you knowing the truth. The mainstream media refuse to review it. There are reports of theaters not displaying our posters or listing the film, some staff members are even telling customers it's not playing. They are deliberately lying. Soon the goons will be brought out to prevent people from entering the theatre.

This is not about abortion. This is about FREE SPEECH.

Why we should all hate the hate-crime laws

The mission creep of Britain's hate-crime laws mean it may soon be illegal to hate anybody else at all, whether at football matches or in your own head. Even if you show your feelings through silent jazz hands rather than aggressive clapping. The Home Office has asked the Law Commission to undertake a review which, reports the *Guardian*, 'will look at whether there are any gaps in the hate-crime legislation', and propose measures to fill them in with even more legal cement.

MULTICULTURALISM

What Multiculturalism Hides

Multiculturalism is not a manifestation of Europe's generosity, or some noble embodiment of love and truth. Multiculturalism is what remains after mass migration reveals itself as a threat, rather than a benefit, to the economies of European countries. The proponents of the new multiculturalism want to share their welfare states with masses of refugees

who -- through no fault of their own -- will be unable to participate in financing themselves for a long time to come.

IMMIGRATION-MIGRATION

Let's Open America's Borders to Everyone

Why not give up our country to mass immigration? We could save all the miserable, starving and helpless humans around the planet from their horrible conditions. Maybe it's our destiny. At least 100,000,000 (million) Africans would move here in a week. Let's save all of them. Another 300,000,000 (million) Indians would flee Calcutta and Mumbai tomorrow to move to America. Heck, at least 300,000,000 (million) Chinese would jump at the chance to move to America. Heck, look at Vancouver, BC Canada, now called Hongcouver.

A masked antifa mob was filmed attacking a "Law and Order" march in Portland by Patriot Prayer and Proud Boys on Saturday night. Those of good conscience and clear mind know this state of oppression cannot remain." Metropolitan Republican Club officials say they are not canceling their event with McInnes and that they will "move forward" from the vandalism.

Winds of War Brewing in Gaza

Over half of Gaza's Palestinian labor force is unemployed. The Strip is plagued by chronic fuel and water shortages. Electricity is sporadic and raw sewage flows in the streets. The Hamas government in an effort to deflect attention away from its own venality and corruption is stoking the flames of violence. Violent rioting, damage to border infrastructure, sporadic rocket and mortar fire, terror tunnels, kite terror, IEDs and sniper fire are recurring themes that Israel must contend with on a daily basis from its genocidal Islamist neighbor.

Jordan jumps on Trump bandwagon leaving PLO way behind

Any lingering thought that the Palestine Liberation Organisation (PLO) would have any role to play in President Trump's soon to-be-released peace plan has vanished - after Secretary of State Mike Pompeo announced that \$165 million had been deducted from funding to the PLO because of its continuing "pay for slay" policy in breach of the Taylor Force Act. Jordan has now signalled its preparedness to replace the PLO by publicly supporting Trump. The Trump bandwagon is swinging into top gear—with Jordan in the box seat and the PLO left flailing way behind.

Khashoggi's fate: Good luck finding allies with spotless hands

The Turks say they have audio and video evidence to prove their allegation. Let's see it first, shall we? Because I no more trust the Turkish dictator, Recep Tayyip Erdogan, than I do MBS. And Erdogan has no shortage of motives for skulduggery of his own. He has every reason to mistrust his Russian spouse-of-convenience, Vladimir Putin, when it comes to Syria. His currency just fell off a cliff and his banks are in trouble, so he could use some help from the International Monetary Fund. Funny how the Khashoggi story broke a few days before the Turks released the US pastor Andrew Brunson this weekend.

A looming sense of foreboding in America

“Is America headed for another Civil War?” Americans are wondering: Was James Hodgkinson, who nearly murdered Republican House Majority Whip Steve Scalise, a precursor of more like him to come?

In the past, such bad actors have been a portent to wider destruction, as was the caning of Republican Pennsylvania Senator Charles Sumner on May 22, 1865, on the floor of the U.S. Senate. Sumner, a strict abolitionist, was attacked by Democrat Representative Preston Brooks from South Carolina after Sumner criticized slave holders. The brutal caning, that nearly killed Sumner, is seen today as representative of the decline in political civility that eventually led to the American Civil War.

A Politically Incorrect Feminist by Bruce Bawer

What really turned most of Phyllis Chesler's longtime cronies against her was her post-9/11 criticism of the systematic Islamic subordination of women, as exemplified by polygamy, forced marriage, female genital mutilation, honor killings, and the hijab, niqab, and burka – topics on which Chesler has become a world-class expert. In the view of today's feminist establishment, she learned, denouncing the "brown man" for what he does to the "brown woman" simply isn't done: it's racism, pure and simple. This disgraceful and pusillanimous attitude, needless to say, reflects the ultimate failure of a movement that, as Chesler herself laments, has been poisoned by multiculturalism and mired in "conformity and totalitarian herd thinking."
