“I freed a thousand slaves. I could have freed a thousand more if only they knew they were slaves.”

~ Harriet Tubman ~

For a small amount of perspective at this moment, imagine you were born in 1900.

- **When you are 14, World War I starts, and ends on your 18th birthday with 22 million people killed. Later in the year, a Spanish Flu epidemic hits the planet and runs until you are 20. Fifty million people die from it in those two years. Yes, 50 million.**
- **When you're 29, the Great Depression begins. Unemployment hits 25%, global GDP drops 27%. That runs until you are 33. The country nearly collapses along with the world economy. When you turn 39, World War II starts. You aren't even over the hill yet.**
- **When you're 41, the United States is fully pulled into WWII. Between your 39th and 45th birthday, 75 million people perish in the war and the Holocaust kills six million Jews.**
- **At 50, the Korean War starts and five million perish. At 55 the Vietnam War begins, and it doesn't end for 20 years. Four million people die in that conflict.**

- **Approaching your 62nd birthday you have the Cuban Missile Crisis, a tipping point in the Cold War. Life on our planet, as we know it, could well have ended. Great leaders prevented that from happening.**
- **As you turn 75, the Vietnam War finally ends. Think of everyone on the planet born in 1900. How do you survive all of that?**

Perspective is an amazing art. Let's try and keep things in perspective. Let's be smart, help each other out, and we will get through all of this.

COVID-19 UPDATES

The article below is an excellent analysis and is extremely important because the civilized mind has great difficulty absorbing the malevolence of the globalists and their New World Order. What distinguishes the globalist movement to impose a one-world government is that it arrogantly presents itself as humanitarian and "for our own good!" The coronavirus outbreak and scripted hysteria is the biggest humanitarian hoax of them all. Denial is not a survival strategy. Dismissing the threat as a conspiracy theory is childish. Trump has got to regain his footing as the leader of the America-first, anti-globalist movement. He must open America for business without restrictions. (Thanks to Linda Goudsmit)

'Social distancing' is not the answer; it's the problem

It should be clear by now to even the slowest of wits. Bill Gates and his corrupt buddies at the United Nations-World Health Organization medical-industrial complex engineered the Great Panic of 2020. They have the monopolistic power of Google-YouTube-Facebook on their side, censoring dissenting perspectives from brave physicians like Drs. Dan Erickson and Artin Massihi. They have the mainstream media on their side.

Rasputin in the White House: Trump must boot Dr. Fauci from his inner circle or lose everything he's fought for

We know the United Nations is invested in global government, along with the World Health Organization, World Bank, IMF, World Court, World Economic Forum, UNESCO, European Union, CFR, the Gates, Rockefeller, Soros and Carnegie foundations and all major philanthropic organizations. Globalism's proponents include most of the world's influential religious voices — top Islamic leaders, the Dalai Lama, the Arch Bishop of Canterbury, and Pope Francis.

Leftist Nonsense—Like Shooting Fish in a Barrel

While glamorous billionaire businessman and TV star Donald Trump had been lionized for decades before he became president by the very people who are vilifying him today, while office-seeking Democrats held out both hands for his generous contributions to their campaigns, and while leftists like Oprah and the fake-news media whores considered it either a privilege or a scoop to interview him, all that changed when he descended the Trump Tower escalator with his dazzling wife Melania in June of 2015 to announce his candidacy.

China Committed an Act of War

Xi and the CCP thugs running China committed a deliberate act of war the moment they banned air travel from Wuhan to all other Chinese cities while allowing international flights to proceed unmolested to the far corners of the globe. They did this despite knowing those flights out of China comprised desperate souls escaping a homegrown pandemic and a communist regime willing to let them die to save face. It was an artificial diaspora intended to seed humanity with the Xi Plague.

Coronavirus hype biggest political hoax in history?

COVID-19 will go down as one of the political world's biggest, most shamefully overblown, overhyped, overly and irrationally inflated and outright deceptively flawed responses to a health matter in American history, one that was carried largely on the lips of medical professionals who have no business running a national economy or government.

Covid-19's willing accomplice

The World Health Organisation was envisaged as a shield against the onslaught of disease. Under Tedros Adhonom Ghebreyesus, it has mutated into an accomplice to the spread of disease. The success of the pathogen that has now devoured more than 135,000 lives, paralysed the most advanced societies on earth, ransacked the biggest economies, and pulverised the prospects of a generation of young people the world over, is the consequence in large part of the WHO's failure to alert the world to the pathogen's lethal character.

George Soros & Bill Gates Partner with China on Coronavirus Drug!

The decision to seek a patent instead of invoking a "compulsory license" option that lets nations override drug patents in national emergencies, signals China's commitment toward intellectual property rights. The timing is uncanny! Right? Gilead will retain the global rights to market the antiviral medication, once approved. Gilead has also announced that it is partnering with the Chinese Health Authorities on the clinical trials of Remdesivir as a treatment for coronavirus. Remdesivir was originally developed in 2016 by Gilead as a treatment for the Ebola virus. Many have argued that China

stole the patent from Gilead due to a technicality, but you will soon see that this is indeed not the case.

Creating a Wasteland: Post Hoc vs. Propter Hoc

One of the most revelatory stories was a long video presentation from just a day or two back by Dan Erickson and Artin Massihi, two emergency room doctors in California. Those doctors are on the front line of the battle against COVID-19. They've treated many people who were made very sick from the virus. They also understand the natural progress of respiratory diseases.

HERE IS THE VIDEO:

Dr Erickson COVID 19 Briefing: Executive Summary & Analysis

This executive summary of the COVID interview with Doctors Erickson and Massihi includes over 25 clips from that interview, and analysis of each. The information that Dr. Erickson provided is nothing new. Many have reported on each of his points previously. What is new is that this interview struck a nerve with Americans tired of being scared to death by inaccurate data. Americans had a sense of the truth, but simply could not put it all together as Dr Erickson has.

New Study Demolishes Fauci, Birx and Bill Gates' Lies

The death counts from Covid-19 have been hugely amplified to include people who were not even tested and died from other ailments. I believe

this entire virus was planned and executed by Fauci and Birx who are hardcore leftists tied to WHO, the UN the Clintons, and Obama. Obviously, the catastrophic numbers have been exaggerated to crash the economy and control the people with fear, resulting in 26 million people out of work and destroying over 30% of our small businesses. All of which was planned with great precision to destroy the presidency of Donald J. Trump.

NIH Director In The Middle Of China Virus Scandal

Dr. Francis Collins had served as an advisor on healthcare to Barack Hussein Obama during his 2008 campaign and on his transition team. After he was appointed by Obama as **NIH Director** in 2009, he began the process of deep cooperation with China, This led to the U.S.-China Program for Biomedical Research, which provided financial awards for U.S. and Chinese “collaborating investigators” and sent millions of dollars through the National Cancer Institute (NCI) and the National Institute of Allergy and Infectious Diseases (NIAID), whose director is Dr. Anthony S. Fauci.

Did Obama Approve Dr. Fauci’s \$3.7 Million NIH Grant to Wuhan Lab in 2015?

Back in 2015 the NIH under the direction of Dr. Tony Fauci gave a \$3.7 million grant to the Wuhan Institute of Virology. The Wuhan Institute of Virology is now the main suspect in leaking the coronavirus that has killed more than 50,000 Americans and, thanks to Dr. Fauci again, destroyed the US economy. Why did the US (NIH) in 2017 give \$3.7m to the Wuhan Lab

in China? Such grants were prohibited in 2014. Did Pres. Obama grant an exception?

Canadian Intelligence Recommendations: 2019 Spies in our Borders

At a news conference in Ottawa, Liberal MP David McGuinty, chair of the National Security and Intelligence Committee of Parliamentarians and Rennie Marcoux, executive director of the committee's secretariat, discuss the findings contained in the committee's annual reports for 2019. We at Verity have seen reports from Australia that indicate Agenda 21 and the Tar Sands Campaign conspirators are at work across the entire commonwealth attempting to shut down their resource sectors as well.

Government Relaxes Border Closures for Refugee Claims Amid Covid-19 Pandemic

Trudeau reluctantly closed the border after waiting until the coronavirus pandemic was already well underway. And now, just a few weeks later, he has reactivated the exemptions to the STCA to allow refugee claims. Meanwhile, Canadian citizens aren't able to cross the border.

Tam talked of tracking, bracelets in 2010 epidemic film

It's a stunning commentary in light of what is going on today. While there has been social distancing bylaw violation tickets issued, there has not been mass jailing for noncompliance or tracking bracelets seen. We have reached out to Tam and the prime minister's office for comment on the messaging in this taxpayer-funded film. Were these scripted comments for entertainment reasons? Could "bracelets" or "tracking" or "incarcerations" be part of Canada's future response?

The provinces are moving ahead with re-openings, even as the feds try to hold them back

Saskatchewan Premier Scott Moe’s not the only one. Jason Kenney recently unveiled his five-point plan for Alberta and several other provinces are discussing their own specifics. It’s only Ontario and Quebec that are warning things may take a little longer, given how they are the two hardest hit. Prime Minister Justin Trudeau emerged from Rideau Cottage to announce that he will be establishing guidelines for a reopening. He’s a little late to the party.

Rising from the ashes

We have known for years that personal care facilities are underfunded and understaffed. The virus epidemic has shown us clearly how bad the situation really is. Stating that we have failed our most vulnerable seniors is pointless. We have to come out of this with an entirely different system of personal care facilities, properly equipped, paid, staffed and trained. Nothing less is acceptable.

During COVID-19, the Islamic Call to Prayer Suddenly Blares

Almost two years ago, Toronto's Danforth Ave. made headlines across the world when [Faisal Hussain](#) killed two people and wounded 13 others before committing suicide. This time it's the blaring of loudspeakers at the Madinah Mosque at Danforth and Donlands that is making the news. The mosque has obtained permission from the city to bend its noise pollution laws and allow the loudspeakers to make the "Allah O Akbar" call to prayers during the Islamic month of Ramzan (Ramadan).

Patty Hajdu REFUSES to criticize China or WHO, defends earlier comments

Health Minister Patty Hajdu credited China and their coronavirus figures around infection and death, defending their validity, despite reports saying otherwise. “There’s no indication that the data that came out of China in terms of their infection rate and their death rate was falsified in any way,” said Hajdu, citing the World Health Organization as a source of authority, despite repeated reports at the time dismissing both Chinese and WHO reports.

Is Canada's Response to COVID-19 Led by China Sympathizers? By David Solway

The controversy over Canada's Public Chief Health Officer Theresa Tam continues to fester. Her lack of consistency, credibility, and competence—the three Cs of responsible authority—is a matter of public record. As I wrote previously, Tam has become the face of the anti-COVID task force. But she remains something of an enigma, including her date of birth, her actual place of birth and the dates of her degrees.

C3RF Update – 1 May 2020

The immediate post-WWII era saw a great rise of interest in despotism. It was little wonder given the devastation that tyrannical regimes had visited upon the world in the first half of the 20th century and, by extension, the years beyond in the form of Soviet and Chinese socialism. So concerning was the prospect of despotism that the Encyclopedia Britannica got into the action to develop a template that everyday citizens could use to determine where their nations were on the democracy-despotism spectrum and which way they were heading. One wonders, where is Canada on that scale and which way is it trending? Read on if you do as well.

Confessions of an Earth Day slacker and greenhorn historian by Rex Murphy

I paced around the apartment, solitary as all are during this terrible plague (thought by some to be a punishment for Mother Earth), muttering invocations to Father Nye, Bishop Suzuki, Cardinal Monbiot and Pope Gore, and in between chanting versicles from the latest psalter of the Viridian Church — Cows and Flatulence: their Expulsions, our Extinction. One of the great tracts of our time. Spiritually I was in tune with the day, but in my heart I knew it was less than I should be doing.

LGBTQ

As court-imposed gag order expires, Canadian parent speaks out about his teenage daughter's state-enforced sex-change.

For over two years, British Columbian school staffers, psychologists, and LGBT activists have been inducing Rob's daughter to believe that the reason she was struggling with depression and other issues is that she is really a "he." They repeatedly encouraged and affirmed her new "male" identity. They worked with pro-LGBT doctors who gave her puberty blockers and male hormones to "change" her into a boy.

Rob did not find out about this until a year after it began. He took the school district, staffers, doctors, and others to court. Outrageously, the girl was assigned an LGBT activist lawyer to protect her delusion and oppose her own father. The courts ruled against him and told him that he had to go along with this transgender insanity, even ordering him to refer to his daughter as a "he."

Dedicated to Emily Jones, Age 7, Murdered by a Somali migrant in a British park on Mothering Sunday

We are not supposed to talk about the Somali killer who hides behind her color and her mental health. She became invisible that day, like a magic act disappearing in front of our eyes, the media willfully acting as this Somali Sorcerer's Apprentice. The attacker's identity erased to protect her kind from consequence, shielded from justice by her mental health. While you, stripped naked by this country, a mother without her child, have no protection at all.

America: Responses to Tyranny

Over the last twenty years America has handed China hundreds of billions of dollars every year to buy cheap goods, watched American firms ship their jobs and factories to China, and provided the Chinese with the means to create technology that threatens to eclipse our future. In the meantime, the money we sent there is allowing the Chinese to grow their nuclear arsenal and strengthen their military. In return, China has shipped us Covid-19.

Out Like Flynn by Mark Steyn

Under cover of Corona, the sewage of the DC septic tank flows on. The latest revelations in the Deep State entrapment of Michael Flynn (Trump's first National Security Advisor, for about twenty minutes) confirm what most sentient creatures have known for three years - that there was never any good-faith basis for the FBI's investigation, only (in the now released words of Assistant Counterintelligence Division Director Bill Priestap) the object "to get him to lie, so we can prosecute him or get him fired".

Why We Must Teach Western Civilization By Andrew Roberts

The legacy of our culture is unsurpassed in human history; to ignore it is an act of rank self-hatred. Western civilization, so important to earlier generations, is being ridiculed, abused, and marginalized, often without any coherent response. Of course, today's *non*-Western colonizations, such as India's in Kashmir and China's in Tibet and Uighurstan, are not included in the sophomores' concept of imperialism and occupation, which can be done only by the West. The "Amritsar Massacre" only ever refers to the British in the Punjab in 1919, for example, rather than the Indian massacre of ten times the number of people there in 1984.

Fake Bible Must be Revoked

The Danish Bible Society's 2020 Bible translation is an assault on the faiths of both Jews and Christians, and an attack on the history of the Jewish State of Israel as well as on the Jewish people. This evil idol is alive still, most prominently manifest in Islamist ideology. Inciters in the Middle East aim to replace the State of Israel with their own Islamic claim to the land. Incredibly, this message has found favor among international organizations in Europe and beyond.

Truckers Deserve The Nation's Gratitude During More Than The Current Pandemic

Please take the time to read this article so that you can truly understand the life of a trucker – not just now, but all the time. all very much appreciated. But when this is all over, how long will the goodwill last?

The Muslim Genocide of 2.5 Million Christians

More than one million Armenians perished as the result of execution, starvation, disease, the harsh environment, and physical abuse. A people who lived in eastern Turkey for nearly 3,000 years [more than double the amount of time the invading Islamic Turks had occupied Anatolia, now known as "Turkey"] lost its homeland and was profoundly decimated in the first large-scale genocide of the twentieth century.

3,000 Years Old; 72 Years Young HAPPY BIRTHDAY ISRAEL!

The miracle nation of Israel turns 72 today. Despite being surrounded by enemy countries, and the BDS Movement, and the anti-Semitic United Nations, the Jewish nation of Israel is flourishing like never before. In fact, Israel's innovation and ingenuity have been on full display since the outbreak of the COVID-19 pandemic. Israel is perhaps only second to the United States in fighting this deadly pandemic, despite its small size. Israel will no doubt have a significant role in solving other challenges that the world faces in the coming years. The world could not ask for a better friend than Israel. Am Yisrael Chai! Happy Birthday, Israel! (Thanks to Pamela Geller)

CONGRATULATIONS!

Captain Tom Moore celebrated his 100th birthday with a Royal Air Force flypast, was granted the title of "honorary colonel" from the Ministry of Defense, received a personalized Birthday card from Queen Elizabeth, was awarded the Points of Light in recognition of his fundraising efforts from Boris Johnson and became the oldest person to ever score a number one single in the UK charts with his rendition of "You'll Never Walk Alone". As of May 1, he has raised nearly £32 million for the NHS!
