"There is no difference between communism and socialism, except in the means of achieving the same ultimate end: communism proposes to enslave men by force, socialism—by vote. It is merely the difference between murder and suicide."

Canadian politician charged for organizing anti-lockdown protest, faces jail time

Ontario Independent Member of Provincial Parliament Randy Hillier was charged yesterday for organizing and attending an anti-lockdown protest outside the provincial legislature that was attended by an estimated 700 people. Hillier was charged under the Reopening Ontario Act and is scheduled to appear in court January 7, 2021, reported Global News. The penalty for a conviction runs from a minimum \$10,000 fine to a maximum \$100,000 fine and a year in jail.

Canadian Universities Have Extensive Research Partnerships With Chinese State To Develop A "Surveillance" Society Against "Far Right Canadians"

The Chinese know that Canada is the weakest link in the Western world, an enfeebled nation without an army yet in charge of huge tracks of land with abundant resources ready to be colonized by the most rapacious consumers in human history: 1400 million Chinese versus a pathetically weak Canadian population of 37 million rootless mongrels. The Chinese government eyes Canadian/Western scientific education very highly; and it has trillions to invest everywhere, and Canada is the most auspicious place to take over.

OUR POLITICAL COMMISSARS

Here is an image list of Canadian politicians who are playing along with the communist agenda for 2030. Each and every single one wants lock downs. Those lock downs kill more people than they help.

The COVID Charade Must End

Give us the truth. Tell us what went wrong. Seek solutions instead of repeating what does not work. Stop peddling gloom and doom and cease efforts to force us into obedience. We are free people with aspirations and hopes and will not be manipulated like computer models. Get real, get honest or get out of town.

Ideology should not trump children's health

Bill C-6 proposes to criminalise those who profit from or advertise “conversion therapy”, which would include therapists and medical practitioners who do not practice the “affirmative model” — which means confirming “trans identity” unquestioningly. Choosing not to encourage a child to transition; suggesting a teen wait, and see if the “gender dysphoria” sticks a few years before beginning the process of transitioning; and challenging the concept of “gender identity” itself would potentially set a therapist or medical practitioner up for criminal sanctions.

Standing up for the right to own a business

The owner of Adamson Barbecue Adam Skelly openly defied the government’s lockdown measures and stood up for his right to operate a business and make a living. In response, the City of Toronto fined Skelly thousands of dollars and the Toronto Police arrested him today.

British Columbians can be charged up to \$230 for not wearing a mask

“Businesses should provide signage on the mandatory mask policy and inform customers about the requirement. Of course, despite any range of efforts, some people will break the rules knowing full well what they’re

doing. These measures give police and other enforcement officials the tools to intervene with and penalize problematic individuals and groups.”

Canadians to be billed \$70 million for MPs pension plan top-up
According to the Actuarial Report On The Pension Plan For Members of Parliaments, the top-ups will reach \$75.4 million by 2021 when taking into account interest. “The number of deaths among pensioners was less than anticipated,” wrote the report. “It is expected the government will eliminate the actuarial shortfalls.” The current pension plan guarantees payments of an average of \$69,800 a year to retired MPs who have served at least six years in office.

C3RF Update – 27 November 2020

This week's update wonders aloud if we are all really "in this together" when it comes to the Wuhan virus. How is it that the "non-essentials" amongst us have had their resources and spirits sapped by lockdown edicts even as the "gentry" pick up flush pay packets? Are the former being told to "eat cake"? And how is it that the overlords who screwed things up so badly from the start of the contagion are now forcing a second wave of lockdowns when the first one they engineered obviously didn't work? Is all of this more about politics and the "great reset" than it is about serving and protecting Canadians? Read on.

Election Fallout Reveals Battle between Freedom and Communism

Communism has spread in America under names such as socialism, progressivism, liberalism, neo-Marxism, and so on, in a slow process over decades of systematic subversion by first the Soviet Union, and now the Chinese Communist Party (CCP). This cumulative battle for the future of America—and with it, the rest of the world—is now coming to a head in the U.S. presidential election.

Witness Testifies at Pennsylvania Election Hearing: Voting Machines 'Built to Be Manipulated'

At a Pennsylvania hearing on the election, retired Army Col. Phil Waldron said that voting machines used in the United States were built for manipulating elections. He alleged that up to 1.2 million votes could have been altered in Pennsylvania and that a forensic analysis would be needed to determine the exact number. "The voting systems in the U.S. and in Pennsylvania were built to be manipulated," Phil Waldron, a cybersecurity expert dealing with intelligence and information warfare for some 30 years, said in the hearing.

"Sidney Powell is registered as a Military Lawyer and is the only one who can prosecute Treason at a Tribunal!"

Thank you to Sidney Powell for exposing corruption on all sides. The Republican Party sold out for some cash and the American People have found out! Now wait and see the real uniting- patriots stand for a nation not a party! RINOS join your minions on the left and get out of America's way! We are for freedom and we are standing up! So don't let spin doctors and fake media tell you lies about the woman who is bringing down the giants in the swamp! And there are a great number of them, more than anyone could have imagined!

The 'smartest man in the room' has joined Sidney Powell's team

Dr. Keshavarz-Nia's name may not mean a lot to you, but it's one of the weightiest names in the world when it comes to sniffing out cyber-security problems. He concluded with "high confidence that the election 2020 data were altered in all battleground states resulting in a [sic] hundreds of thousands of votes that were cast for President Trump to be transferred [sic] to Vice President Biden." With the New York Times touting Dr. Keshavarz-Nia's brilliance and his ability to sniff out fraud, they'll struggle that he's not a reliable expert. Things are getting fun.

Video: Trevor Loudon: China Tied to Election Push; the Global Socialist Agenda

As the United States and the world waits for the final results of the 2020 elections, evidence is demonstrating numerous cases of fraud and irregularities that are calling into question the integrity of the U.S. Electoral System. Yet beyond this, many of the radical groups that have been involved with activities around the election have deep ties to the Chinese government.

Biden and the return of the war hawks

Anthony Blinken as secretary of state will occupy one of the most powerful political positions in the world. He served in the Clinton White House as a senior director of the national Security Council and foreign-policy speechwriter. He then worked alongside Biden for almost two decades, pushing him to support the Iraq War, and then personally lobbying for the catastrophic intervention in Libya in 2011 and faulting the US involvement in Syria for not being forceful enough.

Intelligence Summary: November 12 – 25, 2020

Numerous senior officials of the Democrat Party are openly calling for revolution and intend to fabricate a Constitutional crisis around the election and parallel street mobilization in furtherance of their efforts. This plan includes the utilization of various revolutionary actors that have been observed conducting operational and informational preparation of the environment for the past several months.

Why Trump Will Win

"You have to realize how many forces -- including many in the government -- have benefited from this system. They knew it worked the way it worked, and they used it to install the people they wanted to install in particular offices. "I think the fraud in the election goes much farther than the president. I think they did it to any particularly strong Republican candidate this time around." In other words, the United States faces its biggest political and existential crisis since the Civil War -- if not in its history.

Obama Has 'HOPE' for a Third Term through Joe

Obama stayed in D.C. because he's a political whore like no other. Obama never left Washington D.C. He's been as politically active as he's ever been; he's just in the shadows most of the time now. At least when he's not peddling his latest collection of elaborate lies that he calls "memoirs", with pompous titles.

Fighting Words by David Horowitz

I will not dwell at length on the years it took the Republican Party, and American patriots, to recognize what the Democrat Party had become or the threat it posed to our country as an enemy within. Suffice it to say that Republicans can still be heard referring to Democrats as "liberals" when it is obvious even to them that there is nothing liberal about their principles or methods. They are vindictive bigots who are actively destroying the First Amendment in our universities, on the Internet and in our once but no longer free press.

THE GREAT RESET

Paul Joseph Watson torches everything in his latest video

Let me tell you a bit about the video. Watson doesn't stop with just the Great Reset that I'd described. Along the way, Watson torches just about everything that the elites are raining down on the masses, all courtesy of the extremely beneficial Wuhan virus. Watson's video may make you see red, but it's worth watching

The Great Reset is not a Conspiracy Theory!

In the first half of this video Amazing Polly proves that "Build Back Better" and The Great Reset is one fascist plan for total control of the world. I show you exactly where it comes from. Next, she gets into why people who know about it are fighting against it. Finally she ends with some hope!! We're going to beat these people, but first we have to cut through the media lies.

COVID-19

Peter Hitchens urges people to 'stop swallowing this garbage' on Covid restrictions

Columnist Peter Hitchens has urged more people to object to the government's "garbage" coronavirus response. Speaking with talkRADIO's Mike Graham, the journalist said: "Unless we can show this thing was wrong from the start, we're stuck with it until at least the spring, and quite possibly forever." It comes after health secretary Matt Hancock warned Covid measures will be needed through the winter despite the latest successful vaccine trials.

PROOF that COVID-19 vaccine is made with aborted fetal lung tissue, aborted fetal kidney tissue, and Chimpanzee tissue

They cannot be Kosher, and they cannot be Christian. Anyone taking a vaccine made with aborted human fetal tissue is supporting the continued murder and organ harvesting of human babies, financially supporting the human body parts traffic industry involving Planned Parenthood and vaccine manufacturers. How many babies had to die so that the vaccine industry could earn billions in profits?

BIG TECH

Sidney Powell's Website Apparently Blocked by Twitter

A website belonging to former federal prosecutor Sidney Powell, who recently filed lawsuits on behalf of President Donald Trump alleging election fraud, appears to have been blocked by Twitter. Twitter also suspended the account of Pennsylvania Sen. Doug Mastriano (R-York), who called an election oversight hearing that presented allegations and evidence of voter fraud this week. "Twitter suspends accounts which violate the Twitter Rules," the technology company posted on his page.

A FREE SPEECH VICTORY!

Free speech victory: Swedish journalists acquitted of sharia 'hate speech' charges

ANTIFA

Unmasking Antifa

Antifa is not merely an idea any more than it is anti-fascist. It is, as the book's editor warns, a subversive and violent extremist international movement... fundamentally committed to the abolition of the U.S. government and the violent overthrow of the United States Constitution."

All patriots need to arm themselves with the clear-eyed truths about the movement that are compiled in *Unmasking Antifa*. We misunderstand Antifa, or underestimate it, at our nation's peril.

AROUND THE WORLD UNITED STATES

Everything is on the Line: Meet Raphael Warnock

Warnock defends socialism and Marxism; he views America as a detestable cesspool of racism and oppression; he holds the American military, as well as police officers and the criminal-justice system, in contempt; he seeks to institute law-enforcement policies that are known to breed chaos and violence – all in the name of “racial justice”; he views America’s closest ally, Israel, as an evil oppressor nation; he not only supports abortion-on-demand at any stage of pregnancy, but also insists that American taxpayers should foot the bill; and he favors the tyrannical, totalitarian agenda of packing the Supreme Court and the U.S. Senate with Democrats, so as to turn America into a permanent one-party state where no dissent, and no freedom of thought, is tolerated. This is what’s on the line with Raphael Warnock’s Senate bid.

Tucker Goes Megyn

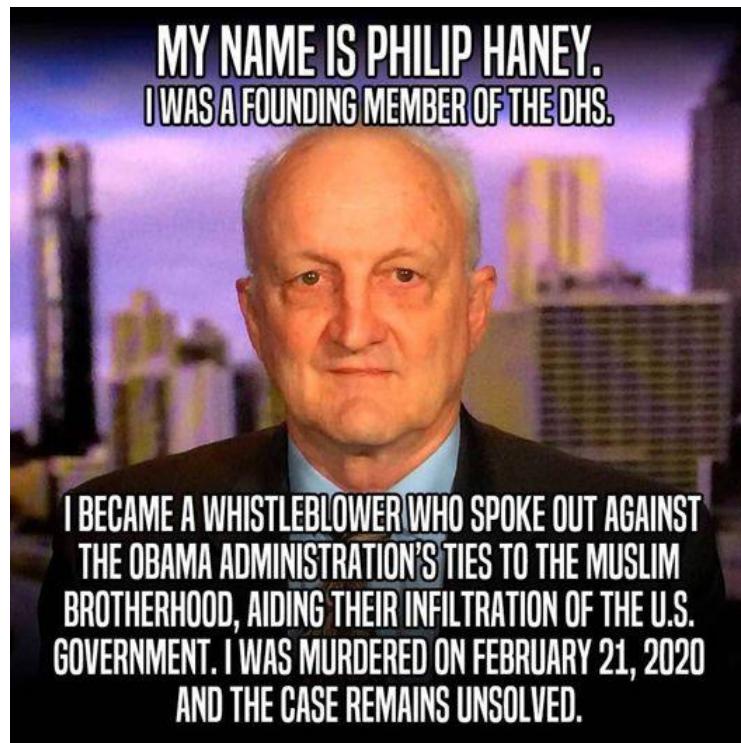

If the globally-coordinated, massively-funded, treasonously-conceived coup that leftists have been working on for the past five years succeeds, conservative patriots can be assured that President Trump will create a media company that overnight will have 80-million paid subscribers who will, finally, break—actually destroy—the malevolent, dishonest, and immorally anti-American media that has contaminated our airways for the past 100 years. Can I hear an Amen?!

Jordan Peterson v the Crybullies by Douglas Murray

On Monday of this week Penguin Random House announced that the bestselling psychologist Jordan Peterson has a new book scheduled for release in March. At a meeting organised by Penguin Random House in Canada there was quite a scene." The complainants within Random House were apparently consistent in their line of attack. One suggested that Peterson is "an icon of hate speech and transphobia" and "an icon of white supremacy". One "junior employee", who claimed to be a member of "the LGBTQ community", said "I'm not proud to work for a company that publishes him".

This is not "playing" people. It is war. They are trying to kill us politically, and we need to respond accordingly, to fight fire with fire. Today's Democrat Party is a party of character assassins and racists. Republicans

know this but are reluctant to say it. That is how a pathological liar and corrupt political whore like Joe Biden can accuse the choice of 73 million Americans of being a white supremacist and also murdering 220,000 corona virus patients. That's why Biden and his gunslingers can do so with no consequences – without so much as a wrist slap – from "moderates" and independents, who know better. World Freedom Alliance: Stockholm - Part 1

They are generating a false narrative in order to get countries into lockdown. People said that back in March they were called were conspiracy theorists.
